In the Matter of:

APPLICATION OF HALLSDALE ASSOCIATION)	
FOR A DETERMINATION PURSUANT TO THE)	CASE NO. 8559
USE OF NATURAL GAS OUTDOOR LIGHTING)	

O R D E R

On June 30, 1982, the Public Service Commission received the application of Hallsdale Association ("Hallsdale") for an exemption from the prohibition on the continued use of natural gas in existing outdoor lighting under Section 402 of the Federal Industrial Power Plant and Fuel Use Act of 1978.

The Commission, after further consideration of all the evidence of record and being fully advised, is of the opinion and finds that:

- (1) Hallsdale has published the required public notice.
- (2) Neither Hallsdale nor any other interested person has requested a hearing.
- (3) Proper notice was sent to the natural gas supplier, Louisville Gas & Electric Company, requesting continued gas light service pending this determination.
- (4) Hallsdale has met all other requirements of this Commission and Section 402 of the Power Plant and Industrial Fuel Use Act of 1978 for obtaining an exemption from the prohibition on the continued use of natural gas in existing outdoor lighting.

The Commission, on the basis of the above-stated findings,
ORDERS that Hallsdale Association, Hallsdale Drive at Taylorsville
Road, Louisville, Kentucky, be and it hereby is granted authority
for continued use of the existing natural gas outdoor lighting as
specified in the application and supplied by Louisville Gas &
Electric Company.

Done at Frankfort, Kentucky, this 29th day of July, 1982.
